Subject: Agenda for 08/22 meeting

Mr. Mara,

Here is what I came up with, I know you will adjust accordingly if I missed something, or fit in where you need to do stuff, like attendance. I believe we shall be able to accomplish all of this within our 1.5 hour meeting time. If we need to remove anything we can. I am not worried if we run a little longer.

Overall, I think Todd's presentation (attached) should be about 25-30 minutes, Clinic reports should be 20-25 minutes, quiz 10 minutes, HUDL 5 minutes, new/old business 5-10 minutes, directors 5-10 minutes, attendance 5 minutes.

Hope all are ok with it. Have a great day tomorrow.

Johnny B
